ARCHETYPE

THE INTUITIVE ARCHITECT

A Pisces-ascendant visionary carrying a **four-planet Cancer stellium** in the 5th — the house of creation. Imagination is industrialized: a Saturn–Jupiter forge builds skill in the 3rd, the analytical Moon audits alliances in the 7th, and a **Ketu-pruned 11th** keeps gains structural.

OPERATIONAL DIRECTIVE

Build original IP. The **5th house is the profit engine** — invent, code, ship. Jupiter, lord of the 1st & 10th, converts self-built craft into career altitude; Mars' **Neecha Bhanga** turns raw drive into strategic force. Monetize creation, and let elite Capricorn networks distribute.
